

<b>Name of space object</b>	<b>PRETTY</b>
<b>ITU-ID</b>	API/A/13124
<b>Owner/Operator</b>	Beyond Gravity Austria GmbH (owner), Graz University of Technology (operator)
<b>Date and time of launch</b>	09 October 2023, 01 hrs 36 min 00 sec UTC
<b>Location of launch</b>	Guiana Space Center, Kourou, French Guiana
<b>Launcher</b>	Vega VV23
<b>Launch mass</b>	4.6 kg
<b>COSPAR-ID</b>	2013-155H
<b>NORAD-ID</b>	58023
<b>Nodal period</b>	95.94 minutes
<b>Inclination</b>	97.67 degrees
<b>Apogee</b>	564.7 kilometers
<b>Perigee</b>	563.7 kilometers
<b>General function</b>	Altimetry measurements using direct and reflected signals of navigation satellites (passive reflectometry) and measurement of the near earth radiation environment (dosimetry)
<b>Notified to the UN</b>	01 February 2024
<b>Notification/Licence issued under Outer Space Act 2011</b>	22 December 2022
<b>Registered</b>	13 February 2024
<b>Catalogue Number</b>	0004
